

2010-2011 Overview & Application

Leadership Beaverton is an intensive, 9-month program devoted to strengthening and educating our community leaders – emerging and experienced individuals. Leadership Beaverton provides in-depth insights into variety of issues impacting residents of Washington County. Upon completion of this program, graduates have developed a keen sense of awareness about community issues and have increased their motivation to assume responsible community roles. Leadership Beaverton was established in 1997 as a program of the Beaverton Area Chamber of Commerce. Over 380 community leaders have graduated from Leadership Beaverton, and continue their commitment to the growth, development and prosperity of one of the fastest changing cities in Oregon.

Program Overview

Leadership Beaverton is a 9-month program consisting of one mandatory Opening reception and retreat. During the opening session, each participant's leadership style is brought forth through an exercise called SIMSOC. Regular mandatory class sessions are held each subsequent month, usually the second Thursday. A graduation luncheon follows the final session. The agendas for each session are developed by the most recent class graduates, known as Co-chairs. Additional required and/or optional outside reading material are sometimes given to develop a better understanding of the month's topic.

Goals of the Program

- Develop awareness of the community by examining the major system that contributes to patterns of life in the city.
- Enhance leadership skills and qualities in participants that lead to creative and insightful community solutions.
- Ensure broad community future leadership by recruiting emerging leaders with diverse social, economic and professional backgrounds.
- Motivate and encourage participants to assume leadership roles in community affairs.

Participant Commitment

- Participate in the opening retreat sessions.
- Participate in the remaining 8 program days and graduation ceremony day.
- Participate in the development and orchestration of a class project (some work outside of program days will most likely be required)
- Participate as a Co-chair in the 2011-2012 program year.
