*With Senator Mark Hass
and Representative Tobias Read*

- Class sizes are going up in all School Districts
- More instructional days are being cut
- Essential resources and programs like Libraries, Music and PE are being eliminated or reduced

Now is the time for all of us to get involved in a positive way by learning how our money gets into schools.

Please join Senator Hass and Representative Read as they explain the educational funding process, and how your child's education got to where it is today. There will be time for discussion and response to your questions.

When we acquire knowledge we inspire change
